Materials:
- 4 template sheets printed on cardstock paper (Instruction Sheet - optional to print.)
- Small, sharp scissors
- Ruler
- Glue or glue stick
- Adult hands helping little hands

Directions:

Cut out all the pieces from the pop-up card templates.

Score the base card on page 1 along the dotted lines using a sharp object and a ruler. Fold inward (down the middle) into two sections, with the printed sides facing each other.

Glue down the Nativity scene parts from page 2 to the scene outlines from page 3.

Fold and crease each scene upwards along the dotted lines.

Center and glue the square sections of the Nativity card to both insides of the base card.

When these sections have dried, glue the top parts of the Nativity scene together.

Now glue the inside card mats on to the squares of the card.

Finally, glue the greeting card mats to the outside of the card.
